FREEDMEN'S BUREAU PRESERVATION PROJECT**

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog*. INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfiled records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

**THE FREEDMEN'S BUREAU IN GEORGIA**

**Organization**

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported to General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

**Activities**

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, disease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.<sup>1</sup> Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."<sup>2</sup>

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.<sup>3</sup>

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and overburdened medical staff, the Bureau treated more than 5,000 freedmen for various ailments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.<sup>4</sup>

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from \$2 to \$7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.<sup>5</sup>

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of crops, Tillson instructed his officers to secure contracts paying men \$12-\$13 per month, and \$8-\$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and southwestern Georgia, where "good crops" could be raised, men were to be paid \$15 per month, including board and lodging, and women \$10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."<sup>6</sup>

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381 orders for transportation for some 2,947 men and 1,013 children.<sup>7</sup>

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed \$50, or the punishment did not exceed \$50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.<sup>8</sup>

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.<sup>9</sup>

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during its first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to take on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.<sup>10</sup>

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some \$21,000 for state superintendents' salaries, the Act made available \$500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly \$105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional \$10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.<sup>11</sup>

**RECORDS DESCRIPTION**

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

**LIST OF BOOK RECORDS OF OFFICERS**

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

Dr.

Our chief I forgot to mention when you  
were here - The Colored people in every city  
have Benevolent Societies, and keep these  
Hospitals a good deal - Here I get \$1000 per  
month - In some as high as \$125 per  
month - you had better make an introduction  
with the Chairman, or the Committee of  
these Societies, explain what you propose  
doing for them & tell them they must  
help you - it is only such - you can  
then get help in building, & the machine  
that will do it, & get funds for hiring  
Nurses & conductors &c. - I will give you  
a list of names for this purpose -  
Very respectfully

I am at Serv,

Office Surgeon in Chief, State of Georgia.

Augusta, Ga. Nov 1<sup>st</sup> 1865.

Doctor,

Your communication of the 28<sup>th</sup> ult is just received - I will answer your points as briefly & clearly as possible - I have waited for your Requisitions, to approve them - you should have made them out at once, & sent to me for approval, & then they would be sent to Nashville - of course you would not find any Medical Purveyors in Atlanta - your stores must all come from Nashville - make your Requisitions for what you need, beyond what confiscated property you get in the city - & send to me at once - be governed by Circular No 14, -

There must be a Commissary and Quartermaster in Atlanta - show a copy of the Circular 18, which I gave you, to the Commissary and he will furnish you all the Rations you need - you will not draw full Army Rations, but what is called the "Contraband Ration" - & even from this you can make a Hospital fund -

I wanted to hear from you about my letter to the Trustees of the College -

What cause did they furnish & have you  
got the building referred to, or shall  
you get it, & move it -

I do not expect you will open a hospi-  
tal & receive patients till you get ready -  
you must get your stones, medicines

bidding & such - See Dr. Buck, and  
ask his advice, & counsel about matters  
if you don't understand - He will, I  
am sure do all he can for you -

About the Confiscated Slaves the  
order in the hands of Col. Currenall,  
is sufficient to enable him to take  
possession of it; see him, and ask  
him to put in your that order -

Stewards Wardmaster &c must be detailed  
& you must make application through  
Col. Currenall for them - Nurses &  
patients - must be negroes paid by the  
Colonial Benevolent Societies - you want  
more than 1, or the Col, & make  
arrangements to this effect -

Write often & ask my advice freely  
on any point that troubles you -

Very Respectfully

Dear Doctor.

I have several enclosures  
relative to the oath. I have received this  
morning, and only confirmed me in  
my opinion that you had been truly  
loyal always, and that you could take  
any oath, that would be required of  
you - I have endorsed upon the paper,  
that "The qualification is unrestrictive,  
it is simply, in favor of a son who  
sues in the Rebel service, that the  
services (professional) were of a private  
nature, and rendered without com-  
mission or Contract, on the part of  
the C. S. Government, and that the  
corrections are regarded rather as  
suggested by an extremely sensitive  
regard to truth in the smallest  
matter, than by any real services  
of value, rendered voluntarily to  
the Grand enemy."

I assure you, I highly appreciate  
the honorable mind that prompts so  
open and candid statement, and  
especially the kind assurances of  
assistance to any one who might

Believe me, it gives me  
pleasure to ~~allow~~ you. that so long  
as you are willing to retain your  
present position. and manifest the  
same energy and faithfulness that  
you have so far, it will be wholly  
against my wishes to make any change.  
and I shall consider myself very  
fortunate to be able to avail  
myself, on the part of the Bureau,  
of your services.

My proposal to send another  
officer, was only to assist you.  
and I apprehend when your  
other ward is completed, and filled,  
you will find it necessary to  
have a physician. If you must one,  
don't fail to write me at once,  
as I can send you one at any  
time.

Doctor,

As June 30, was end of week & month, the "number remaining" should be the same in each - I return you your Weekly for June 30, and undermark your Summary of Monthly, as you sent it, and my corrections, in order to make the two agree - I do not understand how you have so many, "Total undercharge Bureau" -

You must be careful in making these Reports, as it costs me immense trouble to detect errors, & correct them, & make a correct Consolidated Report -

I have the honor to acknowledge the receipt of your note offering me an Assistant. I am much obliged to you for your kindness. But since I received a communication from General Gibbon, through Surgeon Lawton, to act with the utmost Economy, I have done so, without interfering with the Welfare of the patients under my care.

Since Dr. Baker was ordered to Savannah the same work went on without trouble; and if I retain my situation, I am satisfied that a Second Ward Master would be as much as I would need to conduct the whole Business Right.

I have the honor to inform you that by Gen. Order No. 23 War Dept. A. S. C. Washington, May 13<sup>th</sup> 1865. it is directed that all clothing & ~~other~~ etc. used in the treatment of contagious diseases, will be burned. If the Post Commander will consent to look at the material and give you an order to burn it, it would be advantageous to do it in that way; but if he objects, burn it or have it burned, (using precautions that none is stolen) and send your certificate to that effect with your Property Returns: that is, if you are accountable for the property to be burned. If it is captured rebel property which you have given memorandum receipts for, it is not necessary to account for it in any way, neither should you obtain the order from the Post Commander in that case. By late instructions from the Commissioner Bureau R. & A. L., you are required to have your pay accounts certified by the Post Commander. I can not authorize you to draw anything out on the supply table. REPORTS OF THE SURGEON  
SICK & WOUNDED  
IN HOSPITAL

**DIRECTIONS TO BE FOLLOWED IN MAKING THE REPORT  
OF SICK AND WOUNDED.**

I. Separate reports of Refugees and Freedmen will be made monthly, through the Surgeon-in-Chief of the District, to the Chief Medical Officer of the Bureau of Refugees, Freedmen, and Abandoned Lands, Washington, D. C.

II. In making out this report, the number of cases of each disease which have been under treatment during the month is to be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, those cases only are to be entered which have been taken on sick report or received into Hospital during the month represented by the Report. Cases remaining from previous months are not to be entered in the tabular list. All deaths, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "Remaining from last monthly report," and the "Gain since last monthly report," equal the "Total under treatment during the month." The totals of "Discharged," "Transferred," and "Died," give the "Total loss during the month." The "Total loss during the month," and "Total remaining at date of this report," must equal, when added together, the "Total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

## DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." ## DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," and the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

### DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.*

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics* or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

**DIRECTIONS TO BE FOLLOWED IN MAKING  
REPORT OF SICK AND WOUNDED.**

I. Separate reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class F*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affliction or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING  
REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class F*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstance of the case so reported must be set forth in detail in column headed "remarks" or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING  
REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. All deaths, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

## REMARKS.

In class III., order 7, opposite "Diseases of the testis" is a case of Orchitis.  
In class IV., order 98 are three cases of Eczema, opposite "Skin diseases."  
The case in class IV., order 1, opposite "Burns and scalds" is a case remaining since last month. This was a little girl who was severely burned on her side abdomen and arm by her clothing catching fire.  
In the same class are two cases of Amputation, one remaining since last month and the other a new case. The former was of the left leg, and rendered necessary on account of being run over by a railroad car crushing it completely and fracturing the other.  
The latter is a new case and was performed on account of a Syphilitic ulcer on the right leg completely destroying it and therefore rendered amputation necessary.  
Opposite "Simple fractures" is a male adult, reported. He was thrown off a Railroad Car, by the conductor and on that manner received the injury.  
Two Cases of Gunshot wounds are remaining since last month, one produced by the accidental discharge of a pistol, well and the other accidentally by the hands of the patient.  
I certify that this Report is correct and true to the best of my knowledge and belief.

*W. A. Surgeon*

*Opposite "Other accidents and injuries" is a female infant accidentally smothered by her sleeping mother.*

DIRECTIONS TO BE FOLLOWED IN MAKING  
REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affliction or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

## REMARKS.

In Class III, Order 2, opposite "Other diseases of this order" are two cases of *Tabes Mesenterica* - a male child and a female child - both of whom died. In Class IV, Order 7, opposite "Diseases of the Testis" is a case of *Orchitis*.

In class V, are two *Amputations* remaining since last report. One is of the left leg and rendered necessary on account of being run over by a Rail-road car, crushing it and fracturing the other. The other was performed on account of a *syphilitic* ulcer on the right leg destroying it.

One case of *Frost Bite* will be seen in the same Class. This is an old woman who, on a frosty morning, left the Hospital at barefooted and came back frost bitten, having now lost four toes on the left foot.

*Opposite "Simple Fractures"* is a male adult remaining since last Report. He was thrown off a Railroad car, by the Conductor, and thus received a fracture of the left leg.

Two cases of *Burn shot wounds* are remaining since last month. One produced by the accidental discharge of a *Blat* in a well; and the other by the accidental discharge of a pistol in his <sup>the patient's</sup> own hands. One new case, a male adult, was shot by a white man discharging a shot gun and lodging its contents (small shot) in his abdomen, hands, arms and thighs.

I certify that this Report is correct and true to the best of my knowledge and belief.

## DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING  
REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING  
REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *status*, or reported under *Class I*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affliction or the circumstances of the case so reported must be set forth in detail in column headed "Remarks," or in an accompanying letter of transmittal.

The first of these is the  
 fact that the system is  
 based on the principle of  
 the "least action". This  
 principle states that the  
 path taken by a particle  
 is the one for which the  
 action is a minimum. The  
 action is defined as the  
 integral of the Lagrangian  
 over time. The Lagrangian  
 is the difference between the  
 kinetic and potential energy  
 of the system. The principle  
 of least action is a  
 fundamental principle of  
 physics, and it is the basis  
 of the calculus of variations.  
 The second of these is the  
 fact that the system is  
 based on the principle of  
 the "least squares". This  
 principle states that the  
 path taken by a particle  
 is the one for which the  
 sum of the squares of the  
 deviations from the path  
 is a minimum. The sum of  
 the squares of the deviations  
 is defined as the error  
 of the path. The principle  
 of least squares is a  
 fundamental principle of  
 statistics, and it is the basis  
 of the method of least  
 squares.

Weekly Report of 2 Bys. & Drs. C. & C. M & M. for the month.

In Camp Sigbee, Tenn.  
March 4, 1865

Surg. M. A. Meir 6<sup>th</sup> Ind. Cav.

Since Surg. & Mgr. & Co. C. M. M.

Major. I have the honor to transmit the following Inspection Report as prescribed Medical Officer of the Day agreeable to general Order No. 100 dated Feb. 24<sup>th</sup> 1865. C. & M. M. Feb. 10. 1865.

There is no "Surgical Call" sounded in the 6<sup>th</sup> Ind. Cavalry and no prevailing diseases. In the 6<sup>th</sup> Ind. Cav. "Surgical Call" is not 8. 11. 12. and the prevailing diseases Diarrhoea and Dysentery.

In the 6<sup>th</sup> Ind. Cav. "Surgical Call" is at 7 1/2 11. 12. and the prevailing diseases Diarrhoea and Dysentery. Food is good throughout the brigade with the exception of fresh beef which is scarce. There is constant complaint of insufficient amount of rations. The cooking is in every variety, by mess, by company and by individuals as they choose throughout the command.

The commanding officers of the regiments receive attention from the soldiers by frequent inspections and dress parades.

The sinks are kept in good order and all the camp and about "fresh earth" is not thrown in every day. A sufficient quantity of earth is "fresh water" (having rained recently for ten days) is deposited to keep them clean and pure. The construction of the sinks are with a view to securing the property.

Very respectfully  
your old servant

Sir.

I have the honor to submit  
the following report.

Surgeon Call is held at 7 1/2 o'clock A.M. each day  
in the 8<sup>th</sup> Inf. Cas. At 8 o'clock in the 6<sup>th</sup> Tenn. Cas.  
In the 14<sup>th</sup> Ill. Cas. No Surgeon Cas. is held.

Disease of the digestive Organ peculiar  
believed to be caused by the inferior beef which  
has been issued.

At present the ration is believed to be suf-  
ficient in quantity and good in quality - good  
beef have been substituted for poor beef  
at least in part.

Cleanliness is secured effectually by fre-  
quent regimental and company inspections.  
The stables are well located and in  
good condition.

Respectfully  
your obedt servant

Pulasky, Tenn.

Sir.

In making an inspection this day of the 2<sup>nd</sup> Regt. 6<sup>th</sup> Div. which is  
stationed at Edgfield Tenn. I find to be in following condition  
1. In 14<sup>th</sup> Ill. Cas. Surg. Call at 7 1/2 A.M. in compliance with Army  
Regulation. In 6<sup>th</sup> Inf. Cas. Surg. Call at 7 1/2 A.M. in compliance  
with Army Regulation. In the 6<sup>th</sup> Tenn. Cas. at 7 1/2 A.M. with  
compliance of Army Regulation.

2. In 14<sup>th</sup> Ill. but few cases of sickness with no prevailing disease.  
In the 6<sup>th</sup> Div. few cases of sickness and no prevailing disease.

In the 6<sup>th</sup> Div. about 35 cases on Moray report daily with Diarrhea  
and dysentery prevailing which I believe to be caused by improper  
rations such as poor quality of fresh beef and hard bread,  
something that they have not yet become accustomed to.

3. Amount of Rations issued to each Regiment in kind, quantity  
and quality about the same, with each soldier getting his proportion  
on all accounts, and all ordinarily supplied with means for  
cooking same. The amount heretofore having been insufficient  
on which of late, there is an improvement.

4. Commanding officers of the diff. Regiments adopting all means necessary in their respective Commands to secure to the men proper cleanliness.

57 Sinks very well located and constructed for forces in field service, with all the necessary attentions paid daily in throwing in them fresh earth, especially since the high waters and excessive rains, which during the rains and high waters could not be done.

most respectfully

Sir. I have the honor to report that  
Surg. Callis held in the 6 Tenn. Cav. at 7 o'clock A. M.  
with the 6 Indian Cav. 7/4  
in the 14 Ill. 7/4  
and in all in practical conformity to the Regulations.

There is no disease prevailing and but little sickness in the Brigade.

The Articles named below are issued in full rations. Hard Bread, Sugar, Coffee Salt Pepper Vinegar 1/2 lb of meat, 3/5 ration of Beef and 1/5 of Bacon. Dried Potatoes and Beans each 1/2 rations And all of good Quality.

The manner of cooking is generally unobjectionable.

Cleanliness is secured by frequent and critical Inspections of Men and Quarters.

The Sinks are well located and screened by brush placed for that purpose. Fresh Earth is thrown in them sufficiently often to prevent them from becoming offensive. The grounds around the sinks are however used by the men as often as the sinks themselves.

Mr. Gray Sir.

It is reported at this Office that citizens of your county have warned Frank Curtis and Bob Kells. (Colts) to leave the county of Jefferson, and not be seen in it upon risk of being killed.

There has not as I understand been any criminal charges preferred against them. But only suspicion that they have killed or stolen some stock. Which, led the citizens to that conclusion by their having accidentally killed a calf for you. and they were honest enough to inform you of the same and that you have forgiven them.

They wish to be good and peaceable

citizens of your county. You will therefore confer a favor on them also the authorities of this Bureau by notifying those persons who have warned these men to leave the county, that they will lay themselves liable to be arrested and brought to an account, for thus attempting to tamish without good cause or trial citizens of your county. They claim that they are innocent of any charges of theft or killing of stock and are willing to be tried in a proper manner for any such offenses that they are thus accused of.

Your Communication of 14<sup>th</sup> inst. has been received and in reply to your enquiries in regard to the freedmen of your County. I had to say that if they refuse to hire to those whose premises they now occupy, or do not get permission from the owners of the same to occupy them, after the first of January 1866 they will then upon refusal to vacate the same, be removed by guards. You will say to those within your reach that it is the desire of this Bureau that they make contracts for the coming year, with such persons as they can hire to land that any who refuse to hire out or procure some other means of support will be taken up and put to work at such places as it may suit the convenience of this Bureau. In case there are Freedmen who would rather go to the valley of the Mississippi to labour on Cotton plantations there is now a good opportunity to go there, and good wages are offered to families as well as single hands.

Office a SA Commissioner.  
Dist of Augusta Ga. Mch 5<sup>th</sup> /66

Sir;  
It has been reported at this office that a Mrs Jordin Adams of your county has failed to comply with the terms of a contract made between her, and certain employees (free-people); that the said Adams drew a pistol upon one Ella Jane News, using the following language - "I'll put six balls through your heart;" that a Mr George Mills, acting in the interest of said Adams struck the said freedwoman two blows, and threatened to "knock out her brains;" and further, that the said Mills pursued one Henry News, employee, having a rope, with which he threatened to tie said employee, with the intention of whipping him.

It is unnecessary for me to inform you that the treatment, as reported, is inhuman and inexcusable, and cannot in any instance be tolerated.

It is further reported that when complaint was sent to you in the above case you directed the complainants to return to service, and in case of a similar occurrence to report again to you.

It becomes my duty respectfully to inform you that if the case received no further attention at your hands than represented, you failed to give it the investigation which the barbarous and murderous spirit manifested upon the part of the employees demands that you should.

Hereafter you will not wait for threats of "tying," "whipping," or "shooting," or any other threats incident to a condition of slavery, to

be repented. The relation of the former slave is now changed. He is a free man, and those who seek to render his condition otherwise must be made to feel the power of the Government to protect them in their freedom. As Agent of the Government you are expected to see that strict justice is maintained between the former owner and the former slave. So far from countenancing by silence such conduct as the above, you should bring the offender wherever he or she may, to swift and speedy punishment. At the same time it is your privilege and duty to encourage the cultivation of kindly feelings, and mutual good will among all classes. The interests of humanity, and the restoration of civil law and order so essential to the happiness and prosperity of your State, are in a measure entrusted to your care. If you do your whole duty you will, in the end, have the sincere gratitude of all intelligent and right-minded citizens.

You will give the foregoing case a full investigation, and if evidence appears of brutal, or of unfair, or untoward treatment upon the part of the said Adams or of anyone acting in her interest, you will cause her to pay the complainants an equitable amount as compensation for services rendered. You will also interpose your official authority to secure the peaceful removal of all their effects from the premises of their late employers.

Sir:

It has been reported at this office that it has been your custom to require all freed people to enter into contracts, irrespective of their willingness to labor, and of their ability to find employment and securing liberal wages without so doing.

Doubtless this as a general rule will conduce to the interests of all classes, and in doing so it will have the hearty approval of this Bureau.

There are cases, however, which should be excepted. The bearer, represents that he is willing to work, that that he has been earning during the past two months an average of \$12. per month; and that owing to the sickness of his wife, and occasional rheumatism in his arm it will be better for him not to enter into a contract.

This being the case, the present is an instance where the rule above alluded to should not be enforced.

Major Dixon? Haver

Sir

Complaints have been made to this office that you have discharged Bill Boyd son of Bill Boyd & you must either pay him for the time he has been there or let him return and fulfill his contract. You have no right to furnish the boy himself, his parents are the only ones who have this right & you lay yourselves liable to the law in order to turn out any of the kind. His wife must be paid for the time she worked for you.

Respectfully returned with the information that the reputed father has no right to the wages of this boy. That he has a right to select a guardian in the absence of his mother, and that he has selected Elias M. Coy for his guardian. You can have him apprenticed or not as you deem best. If apprenticed M. Coy ought to give him at least nine months schooling in the three years & if so pay him one hundred dollars at the end of the time after furnishing him during his apprenticeship, would be sufficient I think.

Ben Kilpatrick a freed man complains that he was driven off from the farm of Robt Seals. Bank Co. States that he had some words with Reuben Elster over us, which ended in a fight; the overseer starting first. The overseer got his gun & shot at him, but he was so far that he did not hurt him. That he went to St. Martin for protection, that he (St. Martin) refused to do any thing but said wait till camp meets. All that he (Kilpatrick) now

wants is that he have protection given him to go and get his family as his life is threatened. He is willing to give up his wages which I think should not be allowed.

I have the honor to learn with regret that the contract of Joseph Reynolds of Columbia for the action of the bond (the Reynolds) is evidently trying to swindle these people out of their years work. He brought most of his cotton here and sold it & told the freedmen that he had stored it. The freedmen complained & we sent for warehouse statements & find he has sold, and made use of the money. I think the contract should be voided & to make Reynolds feel the hands if he does not the laborers will get nothing.

Caroline Johnson a freed woman of Emanuel County complained to this office some time ago against Benjamin Caskling (a white man) that he has lived with her about 15 or 16 years, that she has had four children by him the last one is now six months old. That he drove her off when the child was about two months old that he retained her bed and bedding and refuses to give it up. I sent a statement of facts (affidavit) to Mr Littlefield for investigation. He sent an order to Caskling to give up her things but he refuses to do it. He boasts that he has made his property - out to some one to keep her from having any. she left a trunk full of cloths there but he would not let the trunk there was no cloths in it. I ask that he be compelled to give her her bedding &

clothes, and that he be made to support the children especially the youngest as it was conceived and born since she was free. Caroline now makes her home at Millen with her father Daniel Johnson. Caskling lives within 24 miles of 9th Station on Cental R.R. I have the honor to be very respectfully yours

Shammas Jones and one hundred adults and twenty children  
was presented at the the Georgia R.R. yesterday filled up  
and signed by W. L. Archibald for the whole number (122)  
without specifying whether adults or children. When in fact  
they had only six adults and thirty one children  
that this Archibald, agent of the Georgia R.R. (being gone to Atlanta) asked  
for a certificate for the balance to follow in a few days  
I understood that he did the same on the S. C. R. R. for  
trans 48095 and obtained a certificate which has  
since been taken up. The Conductor on the S. C. R. R. in-  
formed me that they had done the same thing on the

You will please take

they had better separate. Hentley doubtless  
by his own acknowledged made some re-  
marks he probably should not have done,  
at the same time not of a character to  
justify the drawing of a gun on him, and  
threatening to shoot him, if he did not leave

Mr Doss has after driving him off with  
threats to shoot him; posted him

I have the honor to call your attention to the request of Ann West (Col'd.) She states that she is living in Augusta, that she is sickly and wants to return to her relations in Madison Ga. and has not the means to pay her expenses to that place. That she has relations living in the latter place who will assist her if she was with them but can't spare the money to pay her fare. The names of the friends are Morgan & Angelina West residing on the place of a Mrs Saffold in Madison that is not known. She applies for transportation to that place from Augusta.

I have seen the girl and think that the clemency of the Government would not be abused in this case, and recommend that the transportation from Augusta to Madison be furnished her.

I have the honor to acknowledge the receipt, this day, an order to admit into the Hospital in this City Sam Brown, aged freedman, and the transportation from Waynesboro, for the same person.

Captain

I have the honor to request, that an order may be given me to turn over the C. C. H. E. now in my possession to Dr. A. J. Bole, in charge of freedman Hospital in this City. My reason for making this request is that the business of the office occupies my whole attention and as I have no clerk to assist me, I feel I cannot attend to the distribution, and do justice to my office duties.

As Dr. Bole is now issuing clothing, and has the convenience to store it, which I have not, I would respectfully request that I may be permitted to transmit what is now on hand to him.

Captain

I have the honor to transmit, U. S. Army report of  
rations issued in the month of July 1867, with the  
following explanation relative to the amount on  
the first of the month. - A. A. Surg. Bower, handed me  
a memorandum with the date of his requisitions  
and No. of patients & Attendants, for me to make a report  
on examination. I could find no retained re-  
ports later than Oct 66. - I attach no blame to  
Surg. Bower by this, for he informed me that Capt  
White had made and forwarded such reports,  
but not finding copies I presumed he was mistaken  
and that as I had not received for, or issued ra-  
tions I was not required to make a report other  
than the one forwarded on the first.

I have no claim to neglect any part of my official  
duties, and therefore submit the report, and re-  
turn the 1<sup>st</sup> as per enclosure of the 7<sup>th</sup> inst, and  
trust that this explanation will be satisfactory.

The memorandum referred to, was at three different  
dates, from the 1<sup>st</sup> to 10<sup>th</sup>, from 11<sup>th</sup> to 20<sup>th</sup>, & from 21<sup>st</sup> to 28<sup>th</sup>, and  
for the day rations to sick in Small Pox Hospital.

It was Post Lt. Martin inform me that he has about 5,000 pounds of shaw consigned to him, and that he can supply me with what I want if arrangement can be made between you and Col. Reynolds to that effect. The cost of this shaw will be about \$1.60 or 2 cents per hundred.

Captain Eugene Pickett

Sir

The enclosed was received by me yesterday, and in reply to it I informed Col Swamy I was not authorized to issue rations to destitute people outside the Hospital, only on special requisition approved by the Art. Comm. And that I proposed to send the party to the Hospital, which was declined by him, and that I would lay the matter before the Col for instructions.

The Man Israel met with an accident a short time since, in the loss of a hand, he has been receiving rations from the Post Commissary by order of Col Swamy for his family, and gives as a reason for not going to the Hospital, that he prefers to live with his family. The old woman says she can have a home with some friends, who are unable to furnish food, and she applies for assistance through this office.

I have the honor to request instruction in this case.

I am Sir respectfully

Augusta Ga. April 2<sup>nd</sup> 1867

Sir

Israel, (Coler) Complain to this office, that whilst peacefully attending to his own business, he was assailed by a member of the City Police, under the following circumstances - He was conversing with a friend near the corner of Broad and Elliott Streets - this morning, during the conversation some police man passed him, and from some cause or other one of them fell against him striking his (Israel's) who is a cripple. This officer immediately apologized to, and it was accepted by the Coler man. One of the four named "Gate House", began to abuse him, and told his friend not to apologize to him as he was nothing but a negro, and that he would rather, shoot him as he is. That he replied to him, he had said nothing to him whereupon the policeman struck him in the mouth, he would have repeated the blow, had he not been prevented by one of the others.

I have the honor to call your attention to this case, and request that you will investigate it and if it is as represented by Israel, take such action as will secure justice.

Information has been received at this office of repeated impositions on the Coler people of this City by members of the police, and if the practice is continued I shall be obliged to report the fact to the commanding officer of the State -

I have the honor to transmit herewith, Affidavits of three Coler women. It appears from their statement, they were living in a building belonging to the U.S. Govt., for some time past until a few days ago, when a man by the name of "Nathan" notified them they must leave the premises as he had bought them. They did not move out, and on yesterday some men appeared and ordered them out of the house, and began to pull down the building.

Among the men concerned in this is one Henry Cole & him a team for Nathan. These women with their children were obliged to take refuge in an old field. I have since had them taken care of temporarily in the hospital until further instructions are received from the Adj. Comm.

Report of the  
destitution in  
this Sub Dist.

46

Augusta Ga. April 17<sup>th</sup> 1867

Captain Eugene Pickett

S. A. A. General

Captain

I have the honor to  
transmit the following report, relative to the destitution  
in my Sub Dist. in accordance with directions of April  
15<sup>th</sup>. This report embraces all the information received  
from Agents & other sources up to date.

Durke County

Mr Morris the Agent reports on information received  
from the Clerk of the Superior Court of the County 320  
cases, 224 white & 96 Colored, does not report what  
what portion are children if any. He further states  
that he does not believe that all of the destitution  
among the Col<sup>d</sup> has been reported to the office of the  
Court, and that he will endeavor to ascertain the  
actual number.

Columbia

Mr S. C. Crawford Late Agent transmits a  
list of 8 old & infirm Col<sup>d</sup> people, this communi-  
cation was received this day. No further information.

Jefferson

No further information than what has al-  
ready been received from Mr Cuccione and  
forwarded from this office March 15<sup>th</sup>.

Madison

Morgan Co.

Mr Barney Agent reports 46 adults &  
103 children all white. He states that Supplies  
have been received from various sources and adds

that a few Col<sup>d</sup> people have been assisted, that most  
most of them will be included in his report as called  
for in circular letter of April 8<sup>th</sup> (he refers to our note  
in relation to the blind &c.) "He states also that this  
report is not complete owing to his judicial duties as  
Judge of the County Court, but will make a full report  
in a few days," and says he will see that supplies sent  
to his County will be distributed fairly and only to the  
needy.

Richmond

From information furnished me by the Judge  
of the Superior Court, I find the number of destitute in  
this County to be 1,555 cases as receiving aid, the  
10 children not stated but included, nor are the Col<sup>d</sup>  
people recorded; of this number the Mayor reports  
187 white women as being residents of the City, from  
other sources I find 100 Col<sup>d</sup> cases a large  
portion of them are old & feeble people, and will  
have to depend upon the Government, as no provision  
is made for them either State or County.

Delaware

Mr Jones Agent reports in his County 23 white children  
not stated, 87 Col<sup>d</sup> adults and 40 children, and  
adds, that they will have to be assisted until the  
crops are gathered. He also states that 100 bushels  
of corn has been received for distribution in his County.

The Agents in the other Counties have not re-  
late agent, on inquiry from person visiting  
the office, I hear of a few cases of destitution from  
this part of the dist, but not sufficient to make out  
returns for rations.

I transmit transmittal rations for the County  
from which reports have been received, all of which  
is respectfully Submitted.

I am Captain very Respectfully

51

Augusta Ga, April 24<sup>th</sup> 1867

Captain Eugene Pickett

A. A. S. General

Macon Ga.

Captain

I have the honor to call the attention of Colonel Sibley, Commanding District of Ga. to what I can call to be a disgrace to humanity, and revolting to a civilized people, namely the Chain Gang, as enforced in this City.

This Law passed since the passing of the Code; doubtless intended to show to the world their intention to degrade the poor negro, for it is only among this class that the law is enforced (and our young boys are subject to it). This inhuman punishment, is only an other form of slavery & barbarism, resulting from that institution.

If it is necessary, to punish with Bull & Chain, can it not be done out of sight of those whose feelings of humanity are offended, and who look upon it in its proper light? And I respectfully ask that steps may be taken to abolish the Bull & Chain Gang.

Very Respectfully

Information has reached this office that the supplies furnished by Northern Benevolent Societies a portion of which has been sent to Wilkes County, if distributed at all, has not at any rate reached the colored people.

Not being willing to believe that the Judges of the Superior Court of any County in the State, could be so corrupt, as to misapply a contribution made as that was, and with instructions to be distributed to the destitute without reference to color.

It is however made my duty to inquire into this matter, and having no agent in your County at present, make it necessary to call on you. You will excuse me for so frequently calling on you.

Colonel,

request - instructions  
in regard to Subpoena - Attend the Superior Court of Buck County  
to attend Superior Court to be held at Waynesboro on the 3<sup>rd</sup> Monday  
in Buck Co -

Enclosed I forward a subpoena for me to  
State that I suppose it has reference  
to a case of assault & battery in November  
last. Mr J. A. Ward had a small boy  
(Colored) in his employ. This boy had been  
beaten badly by Ward and had run away.  
Ward went after him, brought him back  
to Waynesboro, then took him in his carriage  
and drove out of the Village about a mile  
tied the boy to a tree and whipped him with  
a strap, a part of the Whump, leaving the  
marks on the person of the boy. When it was  
brought to my knowledge, I took the boy before  
the Grand Jury of the Superior Court, then in  
session, to make a complaint. A true Bill  
was found against Ward at that time.  
The Court however adjourned without action  
being taken in this case, and I presume  
it now comes up for trial. I would respect-  
fully request to be instructed as to whether  
I must respond in person to the Subpoena.

or let the agent at Waynesboro continue the case. I have no knowledge of this case other than what the boy gave me, and the marks on his person and which was given by me to the Grand Jury at the time. This knowledge is in the possession of Mr. The Blount then acting as Civil Agent, who was also before the Jury. In all probability I shall be in New man before the day appointed for the trial, and it will be very inconvenient for me to go to Waynesboro.

Pickett Eugene I have the honor to request information as to  
 Capt & A. A. G. whether parties who refuse to pay freed people  
 May 23 1867 their wages, are obliged to be sued for the  
 same, or whether the non compliance with  
 See Exam this portion of a contract should not be  
 Page 20 brought before an officer or Agent of the  
 Bureau, in many cases the sum is so  
 small and the civil authorities so very  
 doubtful that justice for the freedmen  
 is a favor, in a careful perusal of the  
 Circular issued by the Com and Asst

Come I find that the enforcement of Contracts between the freed people and their employers is a portion of the duty to be performed by Officers and Agents of the Bureau. Should a freed man neglect to perform his portion of a Contract, Application is immediately made for the Officer or Agent assistance, therefore when the Contract is violated by the white man, is it not also fair and just that he should be brought before the same parties. I have myself been satisfied that all differences in matters of Contracts should be adjudicated by the Bureau and I now ask this information because in this Sub Dist it is customary for the freed people to sue for their wages after they have been earned, thereby filling the Lawyers pockets and taking bread from their families. I purpose instructing the Agents of this Sub Dist to see that the freed people are paid without being obliged to sue the Employer and submit such intended action to you for approval.

I have the honor to ask for instructions in the following case. Mr. F. Smith of Burke Co. has employed upon his place six freed people who by their laziness not only have ruined their part but also Mr. Smith's part of the crop. They leave the plantation whenever it suits their pleasure, and when Mr. Smith remonstrates with them they curse him. I sent Mr. Pickett yesterday to investigate this case and his report corroborates the above, even in the presence of Mr. Pickett. When told in a kind manner to commence a certain piece of work by Mr. Smith the reply was they would go and do it when they get ready. There is no doubt but that Mr. Smith is being greatly abused by them, and this perhaps from the fact that he is a cripple & helpless that even the old women of the party recently threatened to whip him. Should your decision be that having violated their contract, Mr. Smith is at liberty to discharge them, I would request an order for two enlisted men to proceed to the Bureau, Burke Co. and see that no violence is committed by either party.

I have the honor to report  
that in obedience to Special Orders No 112 and instructions con-  
tained in your endorsement of July 20. 1867. I have visited Madison  
& Buckhead Ga and investigated the complaint made by John Stewart  
and Dick Dolson, freedmen, that the portion of last years crop  
had been levied upon for a debt contracted by their employer. The facts of this  
case are as follows: The above named freedmen with three others contracted  
to work upon two plantations of Mr Jackson for one third of the crop  
and made during the year 1866, eleven bales of Cotton five of which were  
sold by Mr Jackson and the money put in his own pocket. When the  
other five bales were brought to Market a levy was made upon them by  
the Sheriff of Morgan County, as the property of Mr David W. Jackson  
for a debt contracted by him. The freedpeople immediately complained to  
Judge Boring then Capt of the Bureau for Morgan County who compelled  
Mr Jackson to bring forward the account he held against the freedpeople  
and read them over in their presence and asked them (the freedpeople)  
if they were correct. The freedpeople said they were correct and paid  
Judge Boring then had the receipts & weights of the first five bales of  
Cotton sold by Mr Jackson, produced as well as the weights of the  
six bales held by the Sheriff. He was then enabled by having the gross  
weight of the Cotton before him to determine what portion of it belonged

to the freedmen. Putting the market valuation upon the Cotton, Judge  
Boring deducted the account of Mr Jackson from the freedpeople's  
share, and sold Cotton enough to pay the freedpeople the balance due them.  
The freedpeople who make this complaint were asked by myself in the  
presence of Mr Jackson, what Judge Boring told them after they  
had complained to him, and he had sold the Cotton and was paying  
them the balance. They replied that the Judge said Mr Jackson could  
they were, "Squand off" (which means Mr Jackson does not deny but that  
his account against the freedpeople was deducted from their share. The  
freedmen complained because Cotton enough was not sold to pay him in  
money the amount the freedpeople were indebted to him, and from what  
I learned from him & the freedpeople this is the real ground of complaint upon  
which the last letter of this is there (at his instigation) is based. The  
freedpeople (Stewart & Dolson) acknowledge to have been paid the  
balance due, and that their account was "Squand off" & also that Mr  
Jackson, hence I cannot see that any action by the Bureau is nec-  
essary. But Mr Jackson & the freedpeople contradicted the statement in  
the letter written Genl Pope for now they do not deny but that a  
settlement was made between them by an agent of the Bureau and  
they released from any indebtedness to Mr Jackson. In the letter written  
Genl Pope they also claim five bales as their portion, then can this  
be when they admit of only having raised eleven bales on the two  
places, and they entitled to only a third of the eleven. The truth  
of the whole matter is the freedpeople have been led to make the  
statement. They claim under that Mr Jackson may get an order  
for enough of the Cotton to cover the account that was due him  
by the freedpeople and thereby get it away from his Creditors.

Sir,

While on a recent visit to Madison Ga a complaint was made to me by Henry Stewart, freedman, that he had been turned off by Wiley Harper for whom he was working. Harper agreed to give him & wife one hundred dollars for the years labor & ration, as there seems to be no approved contract between these parties, you will compel Harper, should an investigation of the case warrant it, to pay Henry Stewart for the time he & wife have worked for and Harper, the highest wages paid for the same kind of labor in that section of the country. I also enjoin upon of contract not approved between Seaborn Peers and Minerva Nolan, freedman. The freedman has also been turned off without a settlement being made with her, your action in this matter after investigation, should such investigation warrant it, will be as in the preceding case, viz Compelling Peers to pay the freedman the highest wages paid for the same labor in that section of country. I desire that you take immediate action in both of these cases, reporting to me after having completed your investigation & action.

Major,  
I have the report that the several regts  
in this Sub Dist inform me that owing to the  
absence of teachers (it being vacation) they are  
unable to furnish report of schools for month

I find it impossible to comply with Circular

In compliance with instructions dated  
Bureau R & H. Office Asst Commissioner  
State of Georgia. Macon. Ga. July 3<sup>rd</sup> 1867.  
Directing me to observe and report upon the  
operations of the board of registers in this Sub  
District. I have the honor to report that I  
visited the local board at this place of which  
Mr Hall is Pres. July 13<sup>th</sup> 1867. I found the  
board competent and thorough in the performance  
of its duty. The registration under its manage-  
ment has been ably & well completed. I  
visited the board for the 19<sup>th</sup> Dist of which  
Mr C. H. Whorter is Pres at Warrenton Ga  
July 24<sup>th</sup> 1867. Do not think the board select-  
ed a very intelligent colored man as one of its  
members. Swearing or administering the oath by  
this board was not done with the solemnity  
and form that it should be. Saw at least  
twenty freedmen sworn at one time. Also saw  
some ten or twelve white men sworn at  
one time and neither white or blacks were  
sworn over the Holy Evangelist everything fear-  
able & quiet about the board during my visit.  
Visited board 18<sup>th</sup> Dist of which Mr Skinner  
is Pres at Augusta July 27<sup>th</sup> 1867. This board  
administered the oath properly and was  
very thorough in the performance of their duty.  
Saw complain while in Burke Co certain  
white people misinformed the blacks where the  
registers would meet. Thus or from threatened  
have been kept from registering by this means

over

I advised Mr Skinner to report the fact to Headquarters. The names of the freed people registered during my visit were entered upon a sheet of Holcomb which Mr Skinner informed me was owing to the fact that when he commenced registering his books had not arrived. The oath was properly administered but those registering did not subscribe to it, but simply made their mark upon the Holcomb. Visited board for 28<sup>th</sup> Dist of which I. George is Post at Madison Ga on the 2<sup>nd</sup> & 3<sup>rd</sup> of August 1867, registration in this Dist also very thorough, Oath administered same as in Mr Whorters Dist. registration had nearly been completed before I reached the board (Two Counties in this Dist not being in my Sub District) Saw one man register who read the oath himself, was then told to hold up his right hand, and sworn as follows "You solemnly swear the contents of the affidavit you have just read, are true to the best of your knowledge and belief so help you God" The gentlemen composing this board are certainly more intelligent than any board I have visited. Visited board 29<sup>th</sup> Dist Mr Anthony Post at Washington Ga July 10<sup>th</sup> 1867. I saw oath administered to a white man and he sitting down. The colored member of this board is the most intelligent I have seen. I saw him administer Oath properly. Saw the Bible was not used. The board report that the board in Elbert County need looking after. (not in my Dist) alleging that that board make use of its colored member as a book black and waiting on them generally, all the boards visited advised persons coming to register where in their estimation they were not entitled, not to do so, and by this arrangement much confusion

and trouble has been avoided, so far as I have been able to discern, the registration generally has been fairly conducted in this Sub Dist. The only error made by the different boards which to me seems important is the manner in which they have administered the Oath

I have the honor to report that D. A. Newson Agent for Lane Co was yesterday assaulted by a lawless coward named Spinks while Mr Newson was at dinner this man Spinks took possession of his Newson's office having previously made a threat that he would put Mr Newson under the Doctor's care. Mr Newson was advised of Spinks being in the office for the purpose of shooting him and immediately called upon the Sheriff of the County with whom he proceeded to his office. When Spinks appeared armed with two revolvers which he upon seeing Mr Newson began to draw from the holster. Mr Newson then told the Sheriff to arrest him and Spinks coward that he is when faced by brave men, began running away and was about firing on Mr Newson & the Sheriff who were to quick for him without however doing him any damage. The Sheriff called upon a number of good citizens and with them under Mr Newson's command him about 4 miles but did not affect his capture. Upon receiving the enclosed telegram from Mr Newson, I wrote a letter herewith enclosed to Comdy Officer of Augusta for troops to protect Mr Newson and assist in the arrest of Spinks, as I could not obtain the troops, fearing the agent Mr Newson might be indisposed. I went myself to Woodville by last night train and after a thorough scrutiny into all the facts, found them as reported above. The man though a great coward is backed up by a few men who use him as a tool, a number

of men are wanted for his arrest in Warren Co, where he sometimes since obtained a number of freedmen, could his arrest be accomplished the Civil Authorities would no doubt furnish him well. I would ask with all the facts before me, that a detail of one non com officer & six men be sent to Woodville, from Athens being only 35 miles from that place to protect Mr Newson from this man violence, and to cause his arrest, for I am sure from the previous record of the man, he is villain enough to shoot or murder Mr Newson in cold blood. Mr Newson's action is commendable in that he did his duty, and not being a pacifist even though he had to compel this man to give back to a freedman a watch taken by him, and knowing that this would be revenge, I again urge that the troops be sent to Woodville at once, & fulfil the necessity of having them there at once. I would also most respectfully and urgently ask that some troops be placed at my disposal should they be required in an emergency like the present.

Sir, I have the honor to report that Leroy & Beckwith have made a crop the present year in Mr Denham's place in Columbia Co, and that said crop has been disposed of with the exception of about \$700<sup>00</sup> and the freed people have not been paid their wages. Leroy & Beckwith have unquestionably been swindled by their cruses and other parties, the \$700<sup>00</sup> referred to are in the hands of Messrs O'Donnell & Mulhern, Commission Merchants in this place, who accept Leroy & Beckwith's Order on them in favor of Denham for \$1400<sup>00</sup> for rent, giving Mr Denham their own bankable paper for \$1400<sup>00</sup> payable on the 12<sup>th</sup> & 13<sup>th</sup> of this month upon which paper O'Donnell & Mulhern have paid \$700<sup>00</sup> and the balance \$700<sup>00</sup> is now in their hands. I should here state that Mr Denham had been paid \$500.00 previously by Leroy & Beckwith making \$1200<sup>00</sup> which he has received, while the freed people have not received a dollar as the crop made was shipped to O'Donnell & Mulhern and inasmuch as they disposed of the same, and as the \$700.00 now in their hands is a part of the proceeds of the crop, I directed them not to pay Denham the \$700<sup>00</sup> as he having already had sufficient rent for the place and to keep the same until a settlement could be made for the freed people, with the exception of a few farming implements and tools lent upon by other parties, the money now in the hands of O'Donnell & Mulhern

is all that remains to pay eighteen freedmen their wages for the year, I would request that an order be sent me to seize this money, and such an order as will protect O'Donnell & Mulhern who are willing that the freed people should be paid this money, but who desire to be protected from having it to pay again hereafter. I enclose herewith what furnished O'Donnell & Mulhern not to pay Mr Denham the \$700<sup>00</sup> in their hands.

Elliott J. C.

Warrington, Ga.

Bureau R F & A

Sub Dist of Augusta -

Augusta, Ga. Dec 21<sup>st</sup> 1867

Sir, I have the honor to return herewith Contracts made between yourself and certain freedpeople. The Contract of Thos Davidson and George Jones is so imperfect that although the referees of your choosing have said it must be fulfilled, I will not permit so great an injustice to these two freedmen as the Contract if complied with would take from the freedpeople more than half of their Cotton, they only having made Six Bales, and as it has been customary where persons rented Land, to give the owner a third of the Corn, and a fourth of the Cotton, my decision is that a settlement

be made with the freedpeople, as follows: 1 Bale of Cotton having been raised, one fourth belongs to you, leaving four & a half Bales to the freedpeople, which net \$225.00. 150 bushels of Corn, having been made a third or 50 bushels are yours, leaving a hundred bushels to the freedpeople, which will net \$1.20 per bushel.

Recapitulation.

|                                 |          |
|---------------------------------|----------|
| Freedpeople's portion of Cotton | \$225.00 |
| do do " Corn                    | 120.00   |
|                                 | \$345.00 |

Your A/c against freedpeople allowed 250.00

Balance due freedpeople \$95.00

The amount yet due the freedpeople, you will pay at once, and return the crops all garden lands, such as potatoes, peas &c, will be retained by Davidson & Jones, as well as any fruiting trees &c. Agent Holden has been directed to see that this settlement is at once made. The contract made with Jack Hamilton and his family, does still greater injustice to the freedpeople than the previous one, although the same three referees of your own choosing, have made a settlement bringing the freedpeople in your debt \$97.25. I should have lost all sense of justice were I to permit a settlement of this kind, while the contract states that Rafe, Jack, Milly & Meally are all minor children, it does not also state that they are nearly grown & consequently able to do an adult's work, Peter being a cripple. What services he may have rendered you, will be charged nothing for, having furnished himself and wife with rations, my decision is that you pay Rafe, 16.00

Jack 64.00

Meally 40.00

Milly 48.00 \$168.00 Total

As these freedpeople worked for wages and on the wages allowed them on my

reasonable, you are expected to find them in provisions and your A/c for rations is consequently not allowed. The amount due these freedpeople will be paid at once, Agent Holden having received the same instructions in this as in the preceding case.

Sergeant Lehas J. Hooper Co. D. 16<sup>th</sup> Infy who has just returned from Savannah, where he was a witness by E. C. M. reports to me that while waiting to change cars at Milledgeville, Ga. he was informed that a white man named Thomas Johnson had shot and seriously wounded a negro named Perry Daniel in a dispute about some cotton. Sergeant Hooper saw the negro and says that he has 3 or 4 fatal balls in him and is lying in a desperate condition. The negroes who reported this case to Sergeant Hooper state that a doctor offered attend this negro but that white people interfered and would not allow him to do so. The negroes also state that this is the second occurrence of the kind at Milledgeville, recently, and that the Civil Authorities (if they have any there) have taken no notice of these outrages.

Sir  
I have the honor to report that in obedience to telegraphic instructions received from you on the 13<sup>th</sup> inst, I proceeded to Miller Ga, and investigated carefully the circumstances

connected with the shooting of a freedman at that place on the 27<sup>th</sup> December 1867. In so doing I received the testimony of all the eye witnesses of the transaction both white and colored whom I could find during the two days I stayed there, the names of these witnesses were furnished me by the negro that (who is alive and nearly recovered) and the man who shot him -

The negro Perry Daniel, during the year 1867, rented and farmed upon I have a small tract of land owned by a Mr Meyer's who keeps a store at Mullen, on the day above mentioned, he (the negro) came to Mr Meyer's store with his gun and a wooden and commenced a quarrel with Mr Meyer's about their cotton, and their settlement for the year, Mr Thomas Butler Johnson the owner, who is employed as a clerk in Mr Meyer's store ordered the negro, Perry Daniel, to leave the store, and the negro did leave, going out on the road some thirty paces from the store. The negro state that Mr Johnson followed him out, and told him if he came back again in a threatening manner, he would shoot him, the negro replied that he could shoot as well as he, the negro further states that Mr Johnson then went back into the store and got his pistol, and that Mr Johnson fired upon him first, that Mr Johnson advanced towards him a few steps from the store, that they both fired until they had exhausted their reserves, the negro further states that Mr Johnson then went back into the store and got his gun, and that he (the negro) then picked up his gun which he had laid down, and that they both fired upon each other with their guns, just then one of the crowd which had gathered there, pushed the negro off of a bridge upon which he was standing and threw his (the negro's) gun after him, the other witnesses both white & colored corroborate the negro's statement, except that

They say the negro fired first or that they do not know who fired first, as the fact that were nearly simultaneous, and one of the witnesses states that the negro fell off the bridge, instead of being pushed off. I did not arrest Mr Johnson for the reason that all of the witnesses except the negro shot, positively asser or say that they believe the negro fired first; yet I think from the testimony - which I received that the negro would not have fired upon Mr Johnson if Mr Johnson had not followed him out of his store in a threatening manner, a further reason for not arresting Mr Johnson is that one of the witnesses states that the negro drew his revolver before Mr Johnson went back into the store for his, should it be deemed proper to arrest Mr Johnson for trial I think there is no doubt he will be forthcoming.

The report that another negro was shot dead at Miller during Christmas week, I believe to be totally unfounded.

Sir.

See 8 & 11 Vol 2 Page 151 I respectfully return herewith the papers in the case between G. W. Wheeler and freedpeople employed by him during the year 1867. The settlement must be made upon the following basis:  
1<sup>st</sup> Determine the value of the total crop of the Cotton and Corn &c on the old land and place to the credit of the freedpeople one third thereof,  
2<sup>nd</sup> Determine the value of the Corn raised upon the new ground and place one half thereof to the credit of the freedpeople.  
3<sup>rd</sup> Allow \$100 to the freedpeople for extra work on the new ground &c.  
4<sup>th</sup> Take the account as rendered by Mr Wheeler (excepting Bill of Petition Health, disallowed) and place to the debt of the freedpeople, and let the balance thus determined be the final settlement.

As no one can now determine to what extent the Cotton was mixed, give every able hand an equal share in its division, and one half the Corn raised on new land to the Caroline Stone hands, Give two thirds of the \$100. - allowed for work &c to Caroline Stone hands and the other third to the other hands, when you have determined these accounts should anything still be due the freedpeople or any of them I will try to make it out of the Cotton in the hands of Pollard Cox & Co. in this City. I find that Wheeler has very much mismanaged the case, Pollard Cox & Co. have already advanced to him large amounts - on the Cotton.

John Magee (A. Mr Johnson being requested to appear at this office, and answer said complaint, states, that he is indebted to John Magee as charged, that he gave the order to John Magee on Capt Moore as charged, and that Capt Moore did not honor his order because Capt Moore was pressed for money, that Capt Moore will pay and that the only difficulty is that John Magee will not wait a reasonable time, Mr

Let M. P. Gallagher  
 Agent  
 Atlanta Georgia,  
 Sir,

I have the honor to report that in obedience to the instructions contained in your endorsement of the 8<sup>th</sup> inst. I repaired to Waynesboro Burke Co. Ga. and carefully investigated the affairs of the Bureau there. I find that the freed people generally do not know that the Bureau has an agent there. I do not find that many have applied to Agent Smith for assistance. I do not find any good reason for believing that Agent Smith has ill treated the freed people who have applied to him. I do think that Agent Smith has neglected the interests of the freed people and that they distrust him. I find his office to be about two (2) miles from town, and that he has been frequently absent for two or three days at a time. I do not think that Agent Smith takes any interest in the welfare of the freed people. I do not think he is a fit person to perform the duties of Agent of this Bureau, not from dishonesty or incompetency, but from the fact that to do his duties properly would be to render himself obnoxious to the people (whites) in Burke Co. and as he is a landholder and planter, his personal interests in that community would conflict with a proper performance of his duties toward the freed people. I enclose a petition which was handed me by a Mr. H. H. H. in which you will perceive a great many of the freed people have asked that he be appointed the Agent of the Bureau there. I cannot

164

recommend him for the following reasons. He makes his store a sort of Head Quarters for the negroes, allowing them to hold there at night political meetings, he keeps a bar room and has made himself so to speak the head negro of them all. his relations with them are of a familiar and undignified nature, and he is perfectly hated by the white about Waynesboro. In fact he is charged with having advised the negroes to resort to force to obtain their rights. I do not believe the charge to be true, but it shows the feeling against him. I think he wants the position to come to him the negro trade, as he keeps a little grocery & dry goods store.

I do not sincerely believe there is a man in Burke County - who is fit for the position. I would suggest the sending of a stranger there, if possible, an intelligent, honest man, who will devote his whole time to the needs of the freed people and who will have determination enough to resist the influences of the Community there. He will find work enough to do. I think it is no exaggeration to state that there are over one hundred planters in Burke County who have turned off their last years hands without making a just settlement with them.

Sir,

Judge Davis has handed me the enclosed  
transcript of the evidence (taken before him as U.S.  
Commr.) in one of the recent cases of shooting off freedmen.  
He has bound the accused over to the Superior Court  
of Columbia Co. Ga. in the absence of authority to  
dispose of the matter otherwise. Judge Davis is of  
opinion that the result will be, that no jury which can  
be impaneled in that County will bring in a verdict  
against the accused, he is established in this opinion  
by the history of the proceedings in that County heretofore  
and the fact that there have been some 15 or 20  
similar occurrences in that County since "Freedom",

167

and in no case have the Civil Authorities taken any notice of the matter. Judge Davis believes and I fully concur with him, that public justice would be advanced if this or some similar case could be promptly and rigidly handled by a military Commission, an exhibition of the Power and the will of the government to protect all people equally and alike would have a very salutary effect.

I beg respectfully to call your attention to the  
case of Winny Smith. (Col 9). She calls at this Office and  
states that her husband put her and her baggage con-  
sisting of trunks and bedding on the Rail Road at Chas-  
tote. & furnished her with money to go to her adult children  
in Jackson, Madison Co. Tenn. and placed her in the  
charge of a colored man, Rafe Christian, who said he was  
going to the same place. When they arrived at Augusta  
Rafe told her that the money was exhausted but that he  
would come back for her, left her her, and took all  
of her property with him, since which he has not been  
heard of. She is here without money or clothes, without  
friends or shelter. I think her statement to be true,  
can she get relief in any manner. This is a case of  
peculiar hardship and in which a delay would cer-  
tainly vitiate the efficacy of any aid. She states that her  
children at Madison will take care of her and wishes  
to go to them. Her husband was to follow  
her there as soon as able.

Sir,

John Harris, colored, applied at this office and states that he has a minor son named Tyler Harris at Mr James Richards, at Woodville Ga, that said Tyler ran away from home about 5 months since, and that he has tried in vain to recover him. The boy calls himself William Johnson now and manifests a disposition to be disinclined and deny his father. He has a scar on his cheek near his eye and is about 17 years old. His father complains that as his legal right to the boy is sustained by law and the fact that he is the only surviving parent because he, the boy is buried without his consent. He, the father wishes you to find out whether the boy is willing to remain where he now is, and if he desires to do so, then the father claims to be contracted with for his services, and if the boy wants to come home his father will make arrangements for his fare as soon as possible.

At. Supply of School and other blanks. Sir, This is forwarded to you by to day's mail. I desire to say again to impress upon you the importance of care and accuracy in the making out and forwarding of School Reports of all kinds. Many errors occur in the adding up of the Dist. Sup. Reports which

188

can be easily avoided, but which delay my reports to a very annoying extent. Some agents report schools to be in fact supported by the Bureau, if such is the case it should be distinctly stated and in what manner the Agents know such to be the fact. The Office has no official knowledge that in a single instance is the Bureau supporting a school in whole or in part, within the limits of this Sub-District. Other agents report that all of their schools are supported in whole by freedmen, yet in the remarks they state that such and such a school is supported to a certain extent by the Am. Union Association, such mistakes are perfectly unpardonable and can only arise from a careless inattention to the plain and evident meaning of the printed blanks and the notes thereon.

My Superior Officers require exactness and promptness in these matters and I regret that I find it so difficult to impress upon agents, the importance of more care and attention.

Sir, I desire very respectfully to submit for the instructions of the Dist. Commr. the following strange complaint of William Kelly, colored. He alleges that about three weeks since his wife, Mary, left her infant, then about five weeks old, in the cradle and went to her work at her employer's house some three hundred yards distant. When she returned, her child was gone. She and her husband treated for days.

All Blank

in a certain direction until all trace was lost by the trail entering the woods and leaving no trace upon the dead leaves. They shortly afterwards heard that a colored woman living near had been confined that identical afternoon and the mother of the lost child going to see the woman (whom she had been in the habit of frequently visiting) was refused admittance upon some frivolous pretence. By some means the mother of the lost child learned or suspected that the confinement of the other woman was fictitious and finally got to see the child which she declares is her own, the woman accused declares that the babe is hers, the white people in the neighborhood have tried in vain to settle this matter but the possessor of the child utterly refuses to give it, claiming it as her own.

I have heard but one side of the case, viz the story of the woman who claims to have lost the infant, this case cannot be adjudicated by the Civil Courts without great expense to the parties which they claim they cannot bear, they live some ten miles from the City in Richmond County.

Sir, Calling myself Jack Sumner to the door of my Office and stated that some black folks in Burke County had advised him to come to the Bureau at Augusta to be taken care of, He was nearly blind, barefooted, old, and hardly able to move at all, how he ever got here I am unable to conjecture, It would have been inhuman to have driven him away with the information that the Civil Authorities of Burke County ought to provide for him, indeed I doubt whether he could have got back there unassisted, I therefore asked Dr. Bonds to take him into the Freedmens Hospital here until I could receive instructions from the Asst Commr, I would respectfully suggest that he be transported back to Burke County, Waynesboro Ga, with an order there to see that the Civil Authorities provide for him,

Agent Bureau of Prisons

Waukegan, Ill.

Sir,

Your School Report - (Form 4 - Ed 1) for the month of March 1868 has been received at this Office and forwarded to the Asst Commr. The late arrival and the constant and repeated demands made upon me for it, have urged me to send it forward, but I regret to have to notify you that it is full of the grossest errors and presents evidence of carelessness which are perfectly unpardonable. You report "whole number of Refugees or Freedmen School in the District. 3 day 3 Sabbath, 6 term, I cannot conceive how such a mistake could

occur except from sheer carelessness. If there are 3 day schools and 6 Sabbath schools then the whole number in the Dist. should be 9. After having reported 3 day schools you give but the location of one.

You report 3 day schools and 3 teachers and give only the Post Office address of one.

You report 3 day schools and fail to fill up the answer to the question "How many School Houses for Freedmen in your District?" which I suppose should be none (0) yet you tell where one of the schools is held, why not tell where all are held, who own the buildings and all of the information upon this point you can obtain.

Genl Hornady, Genl Abney & Capt Ware all expect me to get the most reliable and correct information upon these matters possible. If agent will not cooperate with me, I have no other remedy but to recommend their removal.

For yourself personally I have the highest regard and esteem, but my official relations will not permit me to pass unnoticed faults in reports which my Superior Officer will not forgive in me.

I am Sir Very Respectfully

Yours Obedt Servant

Sir,

Your School reports (Ed Form No 4) has been received and forwarded to the Asst Commr. The late arrival and the many communications I have received urging

me to forward these papers at once are the only reasons I have not returned it to you for correction. I will take occasion to call your attention to some of the most prominent errors it contains. You answer the question "Whole number of ~~Refuge~~ or Freedmen Schools in the District; 4 Day 2 night; 3 Sabbath 3" now if there are 2 day and 3 Sabbath Schools the whole number is 5. But in reply to the question Location re you locate four, now if that is intended for all schools it should be five, and if intended for schools kept open during the week, then your first answer is incorrect. You report the number of teachers as 4 and give the post office address of 4, a moment's reflection will convince you that such errors can be easily avoided and for that reason are very annoying. Questions Nos 6 and 7 you do not answer at all.

Your second answer to No 6 is however full and explicit and is proof that the first is not omitted because you could not obtain the required information. Genl Howard, Genl Libbey & Capt Wall are unceasing in their requests and demands for correct and reliable information upon all matters connected with Freedmen Schools and if I am unable to reach the facts they require through my Apts, I shall be obliged, painful though it would be to recommend such changes as will secure for me the hearty cooperation of my Subordinates.

Sir, I have the honor to

forward herewith the various School reports due from the Sub District, they have been delayed by the necessity of returning them to the agents for correction, and the great difficulty of getting teachers promptly to respond to my requests for the necessary data. Many of the reports are now defective but the lateness of their reception has constrained me to forward them as they are with the promise that I shall not cease endeavoring to get them in better shape. Sir,

The bearer Sam Durham, colored, complains at this Office that he and other freedpeople worked for you during the year 1867 upon a written contract filed in this Office, that up to the present time you have failed to make a settlement with these freedpeople, that you have disposed of your crop the result of their labor, and that you refuse to make a fair settlement with them. I do not know how much of this statement is true, but it is my duty to investigate such complaints and unless a settlement satisfactorily to all can be made, to report the same to my Superior Officers for their action, will you have the kindness to meet Sam at my Office in the City on Friday

next the 24<sup>th</sup> of April, and bring with you such evidence as you may wish to introduce, it would be well as these freedpeople worked for a share of the crop to come prepared to show what the crop amounted to and what they have drawn from you during the year. In case you should fail to appear I shall then take the boys statement and forward it for further instructions.

Sir, George Wilson and his other freedmen come to me with the following complaint, They were employed on board the Steamer Katie by the month, and under an agreement to wit, they were to forfeit their monthly wages in case they quit the Steamer before the full time of one month had expired, and the Steamer Katie was to pay them a full month's wages in case they were discharged before the end of the month. To the Justices of the Inferior Court

Gentlemen,

I have been notified by the Asst Commr, Bureau of Prisons, for the State of Georgia, that the Freedmen's Hospital at Augusta, Ga. will be discontinued immediately. Under Genl Order No 31, 2d Div 3<sup>rd</sup> Mil Dist it is made the duty of the Inferior Court in each Co to care for the colored paupers equally as for other paupers, the inmates of the Hospital who belong in other localities will be sent by this Bureau to be provided for at their proper homes, but the far greater number will become paupers of Richmond Co. and upon you will devolve their care. In order however that they may not be turned out upon the street on account of your not having been prepared for this responsibility the Government proposes through this Bureau to turn over to you temporarily the buildings now used as the Freedmen's Hospital and such articles of furniture as may be necessary for their care, for each article you will be required to receipt to the Officer who is now responsible for them. Your immediate attention to this matter is respectfully solicited.

Sir,

A freedgirl named Sarah or Lena Samuel has complained at this Office that on account of a few words between yourself and her about the driving of a mule, you have discharged her and refuse to pay her more than \$1.25, One dollar and twenty cents. She further states that she has been at work for you since Christmas time, and that she has received nothing from you except her food and one dollar which she owes to your wife. This is written in the hope that you will make a fair settlement with her and render further action unnecessary.

The bearer, Jane Reed, colored, comes to me with a complaint, in effect that Mr. Jas Wilson residing near your place, committed an assault upon her with a pair of tongs, in which she was knocked down two or three times, and that Wilson kicked her when down. I do not believe that you or any good citizen will permit such outrages to go unnoticed and unpunished, and I respectfully call upon you to have

this matter thoroughly investigated. Let the girl make the proper affidavit before you and have Wilson immediately arrested.

Sir,

I have the honor to submit for the instructions of the A. Comr the following case,

A colored woman went before Justice Pitt Phinny of the City and swore out a possessory warrant for the recovery of a finger ring which she alleged to be in the possession of one Emma Monroe, colored, wife of Wm Monroe. Emma being brought into Court does not deny having had possession of the ring. She states that her husband gave her the ring some two or three years ago and that she has been in the habit of wearing it. That lately the woman who swore out the possessory warrant saw it upon her finger, and claimed it. She then gave it to her husband and said she did not want to bother more with it. Her husband put the ring in his pocket and went off, this being on the morning of the 4<sup>th</sup> of July. The warrant was served upon her shortly after her husband had left her and she was taken before Justice Phinny and being unable to produce the ring her husband was sent for and brought into Court very drunk, and unable to give any account of the ring. Justice Phinny committed her husband for Contempt and put off the case until the (over)

morning. This morning all the parties appeared & Justice Phinizy refused to go to trial unless the ring was produced in Court. William Munroe stated that his wife had really given him the ring on the morning of the 4th but that he had got drunk and had lost it with several other Articles, and that he could give no account of it. The accusing parties offered to compromise if Munroe would pay five dollars and the costs. Munroe said he had no money and his wife said she had none, and Justice Phinizy sent Emma Munroe to Jail where she may stay forever unless she can untill she produces the ring, so says Justice Phinizy. There is no claim that William Munroe did not come by the ring honestly, he says it was a gift to him from the person now claiming it, that he gave it to his wife afterwards. His wife has gone to Jail with an infant 8 mos old at the breast. I believe that the ring was given to William Munroe some three years since that he gave it to his wife, and that the party now suing for it does so out of jealous pique. I believe that Emma Munroe gave the ring to her husband, after this woman demanded it of her, and I believe that William Munroe lost it as he asserts. The woman is now in Jail because she cannot produce the ring, or pay five dollars and costs. I would respectfully request an immediate reply.

Sir,

See 69222 P. 250

I have to report the perpetration of another landlup outrage upon a freedman in Columbia County Ga. as told to me by the father, Aaron Butler (col) the circumstances are these, His son was arrested upon the charge of having violated the person of a white woman and taken before the Civil Authorities at Thompsons Ga. and by them after a preliminary examination committed to the County jail at Appling to await trial at the next term of the Superior Court, tho on Friday last the 26<sup>th</sup> inst, on Saturday night a crowd of parties returned appeared at the jail demanded the keys and having obtained them either by force or more <sup>coercion</sup> took the accused out and hung him on a bridge near Appling, according to the father's statement the evidence against his son was entirely circumstantial as the deed was committed in the dark and the outraged woman did not pretend to know certainly who the guilty party was, the complaint of the father amounts to this that his son has been murdered without law or a chance to prove his innocence which he arrived to the last, I have since seen Mr Stearns of Columbia County and he thinks from all he could learn that the boy was guilty.

Sir,

Rev. Charles L. Bradwell

factor of the African Methodist Church of this city has applied at this Office for assistance to complete the school building which that society have partially erected upon the grounds belonging to that church. I have visited the building and find it to be raised weather boarded, shingled, and partly floored it is 38 x 38 ft. inside measurement, and is well adapted for a school. The church desires that to be a self sustaining school for the children of the members of the church, receiving pay from all who are able, and free to those who are not. They propose to pay their own teacher and bear all of the expenses of the school after they get once started.

It is estimated that it will cost 250 or 300 dollars to finish the building and fit the room with benches, table &c. The church appears to wish to make this school independent of all aid outside of the church.

Mr. Bradwell saw Genl. Howard personally when he was in this city and the General sent him to me. The Genl. also remarked to me that when this matter was brought to my notice I should say that "he had considered it favorably."

All of which is respectfully submitted for the consideration and instruction of the next Comm. State of Georgia.

I desire very respectfully to  
call the attention of the next term to the fact that much  
difficulty exists in my Sub. Dict. in obtaining justice  
for the poor people from the fact that the present  
misconduct of the Civil Office tends to prevent  
them, that they have no authority to issue Warrants &  
try cases. I hear that both the County judges of  
Lincoln & Columbia Co. have made that a pretext for  
refusing to act when serious complaints were laid before

them. I would respectfully suggest that the urgent  
need of a remedy be brought to the notice of the Governor

these committing Officials, great injury would be done  
to the peace and good order of Society.

Sir,

I have the honor to report for the information of the Asst Comm B. R. & W. S. State of Ga. that I have just returned from a journey to Columbia Co. Ga. where I was called by the report that a party of five freedmen had been imprisoned in the County jail against whom no charges were made and who it was alleged had committed no crime. Hon. Mr. Gibson Judge of the Superior Court went with me for the purpose of carefully ascertaining the facts in the case. We found that five

colored men had been imprisoned in the County jail upon a charge of attempting to incite riot and insurrection, and assault with intent to kill. Three of the men have been bailed out & two remain in jail. These bailed out men befriended by their employers.

It appears that aggravated by the frequent outrages of persons disguised as ghosts and calling themselves the spirits of rebel soldiers, the negroes about Thompson's organized a company, and with such arms as they could procure were intending to find out whether the New Kloy who were about at night whipping and hanging persons were really ghosts or people upon whom powder and ball would make an impression. On the night of the 12th of August some of these freedmen were going down the rail road, and they were met by some white men whom they passed, and after they had passed one of the freedmen turned round and said "let's shoot and find out who they are" this was all they did and upon this alone in hand the charge of attempting to incite riot and insurrection, and assault with intent to kill. Judge Gibson remarked to me that the evidence did not sustain the charge, but that as they were confined in a legal manner after a proper preliminary examination, and upon a regular commitment he could not interfere. The Court for Columbia County will be held on Wednesday next and then parties will come up for trial, and under some new evidence is produced, a "Habeas corpus" will be entered in their behalf. The freedmen have doubtless committed an indiscreet act, but had they in any civilized country shot down a dozen of them who are nightly invading the sanctity of their private residences, outraging their families by their hideous noise & frightful doings a just punishment would render their audacity severed them right, and it is a curious fact that it has been so easy to arrest and punish these poor uneducated negroes and yet not be able to find out who the parties are who are nightly outraging them.

Referring to my communication of the 30th July 1868 in which the lawless hanging of a freedman at Appling, Columbia County, Ga. was reported and which communication was returned to me with an endorsement directing me to call upon the proper Civil Authorities to arrest and punish the offender, I have the honor further to report that Judge H. H. Childs Co. Judge of Columbia County, has sent me the enclosed reply. I would further report that I enquired carefully into the case during my late visit to Appling and could learn nothing further in regard to the matter except that the jailer state that he was aroused in the night by some parties who stated they had brought a prisoner to be confined in the jail and that while on his way from the jail to the Court house they surrounded him and took the keys from him and took the freedman out of the jail. The freedman was found hanging the next day upon the bridge near Appling. I cannot find out who the parties are.

take his head off. (This appears to be the only clue to the perpetrators of this outrage) Nathan wanted to go back, but meeting them, they both killed the master over and thought it was not safe to go back, so they came to Augusta. Some one relates Nathan's story as far as he knows about the matter - I am thinking one of the men is Wm. Haggy but does not know that for certain.

These men are then driven away from their families, they both have wives and children and dare not go back to look after their share in the crops - they both consider that they are very fortunate to have got off with their lives - and they both declare that they have been nothing except that they are radicals and voted with the Republicans at the last election.

Rebecca Bethel (Colo) complains that Mrs Melinda Carswell of Burke Co, Georgia has in her possession the daughter of Rebecca, and that Mrs Carswell has refused to deliver the said child to her husband Alfred Bethel, and has misrepresented

the facts in regard to the rights she has to retain said child. Rebecca further complains that the said child was hired to Mrs Carswell for only the period of four months, ending the 12<sup>th</sup> of August 1868. You will investigate the facts in this case and if Mrs Carswell has no evidence to show her right to retain the child you will advise her to deliver it to its parents, if she would avoid arrest for wrongfully detaining it. You will also endeavor to collect the wages due for the child. Rebecca Bethel authorized (in my presence) Albert Bethel her husband and the child's step-father, to receive the child and anything due for her services.

I am satisfied that Mrs Carswell has no right to retain the child and as it has been demanded some time since you will please give this matter your immediate attention

Sir,

John Hally (old) called at this office, this Sunday  
morning, having just arrived from Lincoln Co.,  
with a badly wounded man (Hampshire Lister old), the wounded  
man was got into the Freedman's Hospital here, and  
I went to the Hospital and took his statement, which is  
enclosed

John Hally further reports a horrible state of affairs in  
Lincoln Co. He says that he knows of several  
whom have been murdered for political opinion in that County.  
Within the last two weeks, he refers to the two mentioned in  
the accompanying statement and to three others, John  
Linnard, John J. & James Linnard.

John left Lincoln Co. in the right time & started back  
immediately after he arrived here so as to reach home in  
the right time & then escape injury himself for the  
worry and of getting his person out of danger

I had along talk with him and questioned him closely  
and feel satisfied that these murders have been committed  
with no other motive, but the political one, of

Keeping the prisoners from the public, or making them  
 safe as these cowardly villains dictate.

I am powerless to do I am satisfied it would not be  
 safe for one man to attempt to go up there to investigate  
 these outrages.

Henry L. Neal stated, has applied at this office for assistance  
towards his children from being taken from him by the father—  
Warren Snoddy &c. &c. She states that Warren left her over  
seven years since & that he has had two different women since  
he deserted her, that he has never done anything for the support  
of the children, but that as they are now beginning to be large enough  
to be of service he claims them as the father.

I have consulted the Hon<sup>ble</sup> Gen<sup>l</sup> Barnes in regard to this case,  
 & he has authorized me to say by way of that although under ordinary  
 circumstances the law gives the children to the father, that in  
 cases of this kind the mother is entitled to retain them &  
 Judge Gibson has so decided. Mr Barnes also states that  
 the only manner in which I may bring this case before  
 the Court is to take a writ of Habeas Corpus & that there  
 the decision is subject to writ of Certiorari. Mr Barnes refers  
 you to an act of the Legislature passed during the 15<sup>th</sup>  
 Session which is this alone & which refers to cases of this  
 kind. As these parties are unable to bear the expense of  
 any tedious litigation. I hope you will dismiss it from  
 further consideration if possible for you to do so.

I have the honor to inform you, that Agent Anthony reports the arrival of a specimen (Perry Jefferson) near Salem MS. on the evening of November 11th. by agents of fifteen MS mounted birds, it appears that said Jefferson is a good hand working bird, having made a good crop this year & while well being here on about \$1000<sup>00</sup>, while elsewhere he fared as the party killing one.

It having been reported to them that it was the intention of the  
white people in that neighbourhood to kill him, (he being a black one)  
he made the sheriff of that County his agent, took up his arms,  
with the view of moving to Uxbridge, there there, bringing his family  
with him, but on the evening of the 5<sup>th</sup> agents of about one hundred  
(100) men, visited his house & finding him (Thos Jefferson) out, who was  
at that time hiding in the woods, they killed his son William Jefferson,  
upon which my, Thomas who had & some his body with his furniture  
& clothing found in the house.

I would further state that his youngest son Perry Jefferson, called at his Office on the 10<sup>th</sup> Inst. stating that he could secure to him (P) of the parties implicated in the outrage <sup>the</sup> that I addressed a communication to Agent Anthony at Warm Springs, asking him to call upon the Sheriff, for the arrest of these parties & by a communication received from him (Agent Anthony), I learn that said Sheriff has made an application for the Military, to assist in arresting these men, said application I presume has been forwarded to Atlanta. I have also sent the boy (Perry Jefferson) this day to Warm Springs, to make the necessary affidavit

Sir,

In reply to your communication of the 24<sup>th</sup> October 1868, in regard to the disposition which Chaplains possess of the Hospital buildings & property owned in this city & now in charge of the said authorities, I have the honor to state that I have consulted the Mayor of the City of Augusta, the Ordinary of Richmond County & the records of the Clerk of the Peace.

The Mayor was at first under the impression that the land upon which the Hospital buildings stood, was leased to the Bureau under the condition that when abandoned by the Bureau the buildings would remain upon the land for hospital purposes, such is not the case, the buildings can be removed or sold at any time, see Record Book Vol. 11, pages 398 & 399 Clerk-Sup Court Office Richmond Co.

The Mayor insists that at the time the Bureau asked for this land that such was the understanding, viz. that the city would be given the buildings for Hospital purposes when the Bureau was discontinued.

The Ordinary of the County states that owing to the non-payment of taxes the County is very poor, but will give a nominal price for the Hospital furniture &c. &c. of the city & would the buildings & further that he does not know how the city & County can well do without them as the Richmond Hospital is kept full of sick & recovering patients.

The Mayor desires me to urge upon the authorities the propriety of the most liberal action toward the city & State with regard to the fact that the City of Augusta has been very liberal to the Bureau in all cases where it acted, having purchased land there for school purposes & having given leases for 99 years for the lots upon which Freedmen's Schoolhouses.

Shaw Newman report that James Bailey told, the freedmen referred to in the affidavit of Agent O'Rourke's report, in regard to the murder of the Jefferys family at Dearing's Gap, has called at this office & stated that he has been compelled to fly his home to save his life. He states that some person came there on Sunday morning, the 12<sup>th</sup> inst, & made inquiries concerning the fate of the Jefferys & that he told the person in office & inquiring that he knew nothing, he states that he made this assertion because he feared parties about Dearing's Gap because of the attitude which they assumed when Agent O'Rourke had visited him for the same purpose.

Bailey says there are all reports which he really does know, viz that the Jefferys came on the train to Dearing that they were forcibly taken off the train, by Joe Rowl, John Lambert, Jim Harris, Old Adams, Paul Hunt & Kingston Adams.

He saw them to the freedmen together with another & Jack Harris (Jim Harris' brother) came down from his home, took hold of the rope & led them off into the woods. John Lambert followed & Old Adams went around another way. He did not see any of the others named above come Dearing. This is the last I heard from of the colored man (the Jefferys family), when Agent O'Rourke called on him. Jack Harris said to him "Boy there is a man at Dearing wants to see you" He James Bailey asked "who who?" Harris replied "I don't know but I think he is a d-d Yankee" Bailey said "I don't know what he wants" Harris said "You better go & see what he wants it may be better for his & yours, all the questions he asks you, you tell me when you come back. There is a few things done in this world, say, that you mustn't say any thing about" When Bailey went back to Harris, Harris asked him "What did he say" Bailey answered "He did not have a chance to ask me any questions" Harris said "Why" Bailey said "Joe Rowl wouldn't let him" Harris then said "I wish Rowl had let him, he will report that he could not talk with you."

On the same afternoon that the Jefferys family was taken off the train Bailey's wife heard the report of some guns in the woods, in the direction in which the party went. Bailey met John Lambert near Bailey's home, when Bailey was going

home from work. Lambert had his gun (a double barreled shot gun) over his shoulder going to Dearing.

Bailey said that there is but one belief about Dearing in regard to the fate of the Jefferys viz: that they went into the woods & shot. He heard both white & black express this belief.

Bailey says that Mr. William Baker told him he had better leave, as he was killed, Mr. Baker lives with Mr. Lambert near Dearing. Bailey has left his family at Dearing & is afraid to return to them or to leave his property from there. I think his fear is well founded. He has left behind him a cow & some hogs which he values at 50 or 60 dollars & other property amounting perhaps to a little over \$100.<sup>00</sup>

Shaw Newman forwarded herewith the report, of the Agent in this field district, in regard to the manner in which the Presidential Election was conducted. After all have under this observation I will be surprised that they all come insisting that every freedman was prevented from voting, though they do not all assign the same cause. Agent Marshall appears to regard the objection of nonpayment of taxes to have been legal, the other Agents think it was illegal & allege that it was not agreed except in cases where the freedmen desired to vote for the Republican ticket. It is needless to call your attention to the fact that the improper & criminal conduct of a large portion of the whites, which went unpunished & unrebuked for a considerable time previous to the election, has left hundreds of freedmen

for attempting to Enslave the Eyes of Suffrage. The opinion of this election if compared with that of the election held for the ratification of the Constitution will show how large a number of votes stayed away from the polls from illegal causes, for the South do doubt that all of the freedmen would have voted since they have done without fear or hindrance.

In the city of Augusta the Sheriff of the County, was assassinated, shot down from his horse, by a cowardly, unknown hand, while the election was progressing, and a colored man named Dent was also shot while running from the crowd, I have been unable to learn whether this was accidental or not, different persons think differently; but all agree in saying that Dent was a harmless, quiet & worthy negro.

In the counties of Columbia & Lincoln, the freedmen scarcely voted at all & to have attempted to do so & to have voted as they desired, would have been almost certain death.

Sir,

It became my duty to report another outrage upon a freedman in Columbia County, by a white man. Daniel Garrett (old) called at this office to complain of the treatment which he had received at the hands of his employer to day. Garrett states that up to this morning he had been at work for Mr. Joshua Griffin of Columbia Co. Ga, that Mr. Griffin has a little son about 11 years old, who has been in the habit of playing with Daniel & Mr. Griffin used to say to Daniel "he would like to play with his children & make much of them". This morning when Daniel was taking the Oat out of the lot, the little boy came & stood in the gate when the Oat had passed & Daniel "playfully" ran about the Oat out, Daniel said "I caught you up & I want the Oat out with you in my arms" and took the boy up and the boy said "I'll cut you" and pulled out his knife, Daniel said "Oh well! if you want to go to cut I'll put you down" he put the child down & he went into the barn and began shelling corn, very shortly after Mr. Griffin came into the barn and going quickly up to where Daniel was sitting, kicked him in the mouth & drew a large knife saying "I'll teach you to take my son" a struggle ensued in which Daniel was badly cut in the back part of the back, when they were separated by the other freedmen & a white man present.

I will send Daniel to Judge Shields as applying, with his complaints, but my experience has been that the civil authorities will make no effort to punish any person who has outraged a negro.

Comment is unnecessary, this is but another instance, of which there are hundreds could be collected, of the brutal treatment freedmen are receiving & which they will continue to receive until something is done to protect them, now there is little to be done, by a people who have inherited a belief

Bureau R. F. V. & L. Augusta Ga

About the latter part of November the bearer Don  
Wynne freedman came to my office with a complaint  
against his employer, Mr. H. C. Armstrong, the facts are  
as follows. Armstrong agreed to give his hands for this  
services this year 1/4 of the crop. A portion of the corn crop  
had been gathered, shucked and hauled and the balance  
of the crop had been hauled up and thrown in the  
home yard preparatory to shucking and dividing, it  
seems it had lain in this pile about two weeks when  
the hands discovered that Armstrong was using it  
by feeding it to his horses by stealth, the hands caught  
Armstrong in the act and an examination before me.  
Mr. Armstrong confessed that he did take corn from the  
pile a few mornings, but that when Don Wynne  
caught him he proposed to Don in order to compe-  
nate the matter that he (Don) might go into Arm-  
strongs crib and select 140 ears of the best corn in the  
crib as he Armstrong stated that he did not  
think that he took more than that number of ears  
from the pile. On this confession I made Armstrong

give Bond for his appearance at the county court to  
answer to said charges, when the case was brought  
before the grand jury on the second Monday in this  
month, I was summoned as a witness, and I saw while  
before that body, that it was the determination of the  
solicitor that the case should be dismissed, which per-  
haps he succeeded in effecting the case was dismissed  
at the Plaintiffs cost. Now Don Wynne informs me  
that Armstrong has ordered him to leave the plant-  
ation and will receive nothing for his services this  
year, Don being dissatisfied with the decision  
of the Co Court and there being no agent here to  
have recourse to, I having resigned, determines on  
going to Augusta, and called on me for to give him  
a written statement of the affair that he might show  
it to you. While writing to Sen Ellison on last  
Saturday I mentioned this case to him, but I don't  
know that he will take any action in the matter.  
The above statement is strictly correct, I should  
have stated that the Solicitor, representative to the  
grand jury, that he could find no cause in Law for  
the offence, on which to pass a bill of indictment  
he said it was not Larceny, nor Theft, nor Swindling, nor  
Chattels, nor any thing else known to Law. I thought there  
and I think so still that his object in this representing  
was to accomplish the dismissal of the case

 Statement of Capt W. H. White on his return from  
 Savannah to Augusta Ga on the 16<sup>th</sup> day of December,  
 1866. Told me that he had been ordered to Savannah  
 the day before I returned from Albany that Genl  
 Sillson had got into trouble on account of transpor-  
 tation and Pratt was the cause of it. That Genl  
 ordered him (White) to send me to Savannah under  
 arrest and then I had got to go before a notary public  
 and swear that he (General Sillson) had never given  
 any transportation blanks or transportation for hands  
 from Augusta to Savannah if I should do this it  
 would clear the General and would be all right  
 that Genl Sillson would take back the charge he  
 gave me as I had done nothing wrong.

Respectfully returned with the report that while at Savannah  
 as stated, when application was made to Genl Sillson for  
 transportation, he remarked that he had had trouble  
 could not give it; that he had had trouble enough with  
 transportation. Afterward when I told him what Pratt  
 had said, the Genl remarked that Pratt was the cause of it  
 that when he gave Pratt the transportation he expected  
 him to go to Washington W.D.C. for a certain class of

freedmen, but had since learned that he (Pratt) had obtained  
 them at Augusta.

That I certainly was ordered to Savannah and while there  
 was ordered on my return to place Pratt under arrest  
 and order him to report to Savannah. That Genl Sillson  
 certainly did say that Pratt should go before the court  
 and swear that his (Pratt's) statements were false and  
 that he was drunk when he made them.

Respectfully returned to Lieut S. W. Crossack A. S. A. Com with the information that the house referred to in the affidavit was near the property of Edmund Ballou. The house referred to was bought by Mr Bigler in the year 1861 of Jack Benson (Cold) since deceased and took the unexpired lease from Benson of the lot upon which the house stood and afterwards renewed it for two years. Mr Bigler produced the receipt signed by Mr H. E. Dent Jacks Agent. In Febry 1865 Mr Bigler learned that one Johnson stated he had bought the house of Ballou. Mr Bigler informed him the house did not belong to Ballou and notified him not to further disturb the property since that time he has seen nothing of Johnson.

In 1858 Edmund Ballou was brought from Georgia by a slave dealer and Bigler was urged both by the dealer and Edmund himself to buy him. At the time he bought him he had no use for him and gave Edmund to understand that if he did so he was to pay his own way and be of no expense to him. Ballou afterwards urged Mr Bigler to rent a house for him which he did at \$15.00 per month. Mr Bigler also produced the receipt for the rent of the house signed by one Cassel. The agreement between Mr Bigler and Ballou was that Mr Bigler was here and Ballou stop on John during the employment or to pay the wages to Bigler to go towards paying the rent of the house. Mr Bigler further states he bought a mule and drag to enable him (Ballou) to pay his way, which Ballou afterwards sold as his own property. Mr Bigler also produced the receipt for the mule and drag.

Respectfully forwarded to the Sec. Com. for his information and orders. My reasons for withholding the judges were that I am almost applied to for rations. I tell them where to go to. They invariably say they have been and could get nothing or could get only a little meal. While I have no doubt of the actual destitution of these people, I do really doubt whether they have made proper effort to sustain themselves by laboring through the summer or accepting such employment now as would relieve their wants for the present. Of the four hundred & fifty families there are on an average of four children to the family. Making eighteen hundred children.

This enormous issue of rations I could not undertake without your order. Most of these four hundred and fifty families applicants are widowed women, whose husbands were killed in the war. They tell me that they were promised support if their husbands went to the war & that they have never received any thing. If rations are to be issued indiscriminately there is no telling when it will end. I have determined if ordered to issue rations to request a certificate from the judges or Mayor attesting knowledge of the facts of their inability to procure any kind of employment. I would state that there are no idle people dependent on the Govt except in Wicks. There are no doubt a few who are real objects of charity but they help one another. Some of these white children are qualified to teach school. I had called on me the other day begging for rations. I asked her if her daughter could not teach school. She said yes. I told her I would get her a situation where she could get from \$20 to \$30 dollars per month teaching. She begged my pardon saying she could not do that. There are many persons in the city who are willing to pay one dollar per month for school for teachers of colored children for their children and would be glad to supply any of these who are qualified to teach. A number of applicants have been made from the county for teachers.

Respectfully forwarded to Capt Eugene Pickett A. A. & G. M. H. I have made diligent enquiry, used every means in my power to ascertain if any person in this Sub Dist. has been engaged in the business alluded to. So far, I have not been able to make any discovery or circumstance sufficient to create the most distant suspicion. Except that many persons have been here from Texas, Louisiana, Mississippi & Florida, for the purpose of engaging freedpeople to take to those States with them, under pretence that they were Planters. The Sub Dist Commr. forbid such persons from making contracts with or taking any freedpeople out of this Sub Dist. until they have satisfied the Sub Dist. Commr. that they were lawful Planters, and that they were responsible. - Since which time all such suspicious persons have left (disappeared) from this City - Many freedpeople have passed through this City from North & South Carolina en route to the above named States. but we know nothing of the nature of their Contracts or the purpose for which they were taken to those States

State that an old man this wife called upon him a few days since to consult him relative to the best means of collecting the pay of the husband for work done on the farm of a Mrs. Duncan in 1866. State that Duncan is within that this contract was not approved.

He wrote Duncan requesting an interview with him at his office, and that he would see that all difficulties between them were adjusted. Duncan received the letter, came to town, but would not come to the office. On his way home met Bunn, had some conversation with him, in which he was very cross, and gave him Bunn to understand that he had settled as he thought proper, & would give no satisfaction, he claimed that the contract might be at home, he did not know, and if he saw the husband any thing I might get it.

He seemed angry because I was requested to look the settlement, which I considered a gross act of impudence to oppose his conduct for 1867. Duncan being a minor & pretends to control his late father's plantation of which there is no legal representation, and I anticipated trouble at the end of the year.

The old man this wife him in Floyd Co, and can be awaiting your action, and expressions, and your early attention in the matter will much oblige you. Respectfully

Office J. A. Com B. B. F. A. L. Sub Dir of Agency  
Augusta Ga, March 25<sup>th</sup> 1867

Respectfully returned to J. M. Bunn Esq Agent at Macon Ga, with the information that if the husband is as you say a minor, I do not see how you can sustain an action against him, and as this is the only remedy to resort to by the person, there is no way to compel him to pay the debt other than the law. As you are acquainted with all the circumstances, & you can see any prospect of collecting the debt, either through the Court or otherwise, do so.

You will keep this on file in your office, and the time may come when the husband may be compelled to pay the debt, if he is not disposed to do so now.
